Re: Clamagore Veterans Association Scholarship

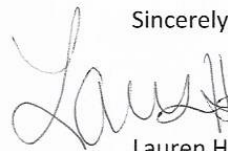

Dear Mr. Tatlow:

I am honored to receive the Clamagore Veterans Association Scholarship very helpful in allowing me to further my career and education as a Registered Nurse. I was recently offered and accepted a position at Albany Medical Center, in their Pediatric Emergency Department. I have an opportunity and will continue to further my education through Chan working full time at the hospital.

Before starting my new job, I took a few days off and was able to read (Make Your Bed). It was such a great book! The book had a lot of insight actually on my list of books to read so I was very excited to receive it.

Thank you again for the very generous scholarship awarded to me by the Association.

Sincerely,

Lauren H
